Teaching academic excellence and Catholic values - preparing students for a successful, principled future

Our child's education is of vital importance; not only in academics, but also their moral and spiritual education. In today's world, it is more important than ever to ensure our children are taught the skills necessary to succeed in high school, college and beyond. Ensuring that our children grow into adulthood with strong values is a paramount goal in Catholic education.

St. Louise de Marillac School surrounds our students with caring, dedicated faculty that propels them to excel in the classroom and echoes the principles and values taught at home. We take great pride in partnering in your child's complete education; **FAITH, VALUES, ACADEMICS, FAMILY.**

Catholic school is just too expensive, right? **Not necessarily.** We all indulge, from time to time, but a closer look at your household budget may reveal available options. A small sacrifice now, for your child's comprehensive education, can have a big payoff in their future!
